Thanks, s.38

I've been trying to think of questions for the 830 that cross over with this - principally to ask if /how we do matching among s.38

As regards PCO-IAS, have you been watching s.38 STRs in recent weeks - or other textbooks like truck, convoy, protest etc?

Finally, how will you connect to PCO? On site or virtual?

If easier, just call me at s.38 Understand you may have kid duties right now and can do 930 if we don't connect.

Thanks as always,

Annette

Subject: questions

\~

Morning colleagues,

\~

Hope you are well...

\~

IAS has been tasked to provide analytical support (still TBC) to some of the work related to the demonstrations. At this stage, I'm trying to baseline who is doing what... and what info is being fed to the GOC...

\~

As such, I'd be grateful if could copy me on any material – class or unclass – you end up producing.

\~

At the aggregate level, is there anything helpful you can tell about financing ?

\~

Cheers & please let me know if you have any questions.

\~
